Based on the information you recently submitted, we have classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Internal Revenue Code because you are an organization described in section 509(a)(2).

Your exempt status under section 501(c)(3) of the Code is still in effect.

This classification is based on the assumption that your operations will continue as you have stated. If your sources of support, or your purposes, character, or method of operation change, please let us know so we can consider the effect of the change on your exempt status and foundation status.

Because this letter could help resolve any questions about your foundation status, you should keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

  
District Director

Our determination of April 15, 1977, is modified to conform to this determination

We have determined that you are a publicly supported organization of the type described in Section 509(a)(2) as opposed to Sections 509(a)(1) and 170(b)(1)(A)(vi) of the code. This change does not affect your exempt status as an organization described in Section 501(c)(3) of the code, your non-private foundation status or your filing requirements.
